MEMORANDUM FOR: Chairman, COMOR

SUBJECT: Coverage of Highest Priority Targets in Cuba

25X1A 1. Since the publication of the last summary of BRASS KNOB coverage [REDACTED] of 21 December) only four missions have been processed by NPIC. These missions, on 20 and 22 December, covered all of the 28 highest priority targets except the [REDACTED] site, which was last covered on 16 December. Four missions, however, were flown on 27 December and two of 28 December, all in good weather. For this reason we believe that a more useful and up-to-date summary can be prepared when the reports on these missions are available. 25X1A On this basis, [REDACTED] probably will be disseminated on Monday, 31 December.

25X1A 2. During 20-28 December neither the photography nor collateral information revealed anything ominous or suspicious that would justify [REDACTED] missions according to the criteria established in USIB-D-41.5/41.
